

Great West Investment Mapping

The chart below shows how the money in your Great West Defined Contribution (DC) plan will automatically be transferred into PERA's DC Plan (or 401(k) Plan for any rollover money). Please review the new Plan investments and decide how this change will affect your investment portfolio. If you wish to change your investments prior to the transition, you must do so before Tuesday, June 23 at 2:00 p.m. as you will not be able to make changes during the blackout period. If you would like to change these investments after the blackout period, you may do so by logging on to PERA's Web site at www.copera.org or by calling PERA at 1-800-759-7372 and selecting the 401(k)/DC Plan option.

Self-Directed Brokerage Accounts*		Dodge & Cox Balanced Fund

* You will be notified by the State that you have until June 16, 2009 to liquidate your account in order to transfer your money into the core investment options. If you do not do so by the 16th, then your assets will be liquidated and transferred to the Stable Value Fund, which will be mapped in accordance with this document.
