Colorado PERA Hires New Director of Fixed Income

DENVER—Colorado PERA named Maruti Moré as its director of fixed income investments. He began his new responsibilities in July.

Most recently, Moré was the senior vice president and director of fixed income for institutional clients at Smith Graham & Company Investment Advisors, LP in Houston. He has more than 30 years of experience in areas including investment research and management in fixed income, equities, and derivatives.

Moré holds two master's degrees, one in finance from Oklahoma City University and one in economics from the University of Bombay in India. He also earned a bachelor's degree in law from the University of Bombay. Moré is a Chartered Financial Analyst (CFA) and a member of the CFA Institute.

"I am looking forward to serving the membership by leading a well-established fixed income team to provide superior investment performance," said Moré.

Moré replaces Bill Koski who became PERA's Senior Opportunities Manager earlier this year.

Colorado PERA provides retirement and other benefits to nearly 400,000 current and former employees of over 400 government and public entities in the state of Colorado. Colorado PERA is the 25th largest public pension plan in the U.S. with assets of \$40 billion.
