ARTICLE 1—INTRODUCTION AND PURPOSE OF PLAN

1.1 Establishment of Plan
Effective July 1, 2009, in accordance with the provisions of Section 24-51-1601, C.R.S., et seq., the PERA Board of Trustees adopted an amendment and restatement of the PERA Deferred Compensation Plan (the “Plan”) as a continuation of the State Deferred Compensation Plan previously administered under Part 1 of Article 52 of Title 24, as said part existed prior to its repeal in 2009. The Plan has been amended and restated since its adoption, most recently November 17, 2023. The Plan shall be maintained for the exclusive benefit of covered individuals and is intended to comply with the eligible deferred compensation plan requirements under §457 of the Internal Revenue Code of 1986, as amended, and regulations thereunder, and other applicable law.

1.2 Purpose of Plan
The purpose of this Plan is to enable Eligible Employees who become covered under the Plan to enter into agreements with their Employer to defer a portion of their Compensation and receive benefits at termination of employment, retirement or death or in the event of financial hardship due to unforeseeable emergencies. Participation in this Plan shall not be construed to establish or create an employment contract between the Eligible Employee and the Employer.

ARTICLE 2—DEFINITIONS

2.1 “Account” means the Participant’s Deferred Compensation Account and Rollover Account.

2.2 “Administrator” means the Board, or any individual(s) or entity appointed by the Board to administer the Plan.

2.3 “Beneficiary” means the person, persons, or legal entity entitled to receive benefits under this Plan which become payable in the event of the Participant’s death, or if none, the person, persons or entity determined in accordance with the terms of the Plan.

2.4 “Board” means the board of trustees of PERA as established under the provisions of Article 51 of Title 24, Colorado Revised Statutes.

2.5 “Code” means the Internal Revenue Code of 1986, as amended and includes any regulations thereunder.
2.6 “Compensation” means, solely for the purposes of determining the amount of Deferrals made to this Plan, compensation as determined by the Employer. Notwithstanding the above and consistent with IRS regulations, Compensation may include any amount paid to a Participant for unused accrued bona fide sick, vacation, or other leave by the later of two and one half months following Severance from Employment or the end of the calendar year that contains the Severance from Employment.

2.7 “Deferral” means the amount of a Participant’s Tax-Deferred Contributions, or if Roth Contributions are authorized by the Employer in accordance with procedures established by the Administrator, both Roth Contributions and Tax-Deferred Contributions, contributed by a Participant to the Plan pursuant to a properly executed Voluntary Salary Deferral Agreement.

2.8 “Deferred Compensation Account” means the account established and maintained on behalf of a Participant as provided in Section 8.4.

2.9 “Eligible Employee” means any person who is employed by an Employer.

2.10 “Employer” means any employer affiliated with the Association that is also affiliated with the Plan pursuant to Section 24-51-1602(2) and (3), C.R.S., in accordance with procedures established by the Administrator.

2.11 “Includable Compensation” means for any taxable year, an Eligible Employee’s compensation as defined in Code Section 415(c)(3), for services performed for an Employer. Compensation under Code Section 415(c)(3) includes any elective deferrals as defined in Code Section 402(g)(3), and any amount which is contributed or deferred by the State at the election of the Eligible Employee and which is not includable in the gross income of the employee by reason of Code Sections 125, 132(f)(4) or 457.

2.12 “Investment Options” means any equity investments, fixed-income investments, life insurance company products, any investments permitted pursuant to Section 24-51-206, C.R.S., and any other funding vehicle which the Board permits under the terms of the Plan, consistent with Code Section 457(g).

2.13 “Normal Retirement Age” means that combination of age and years of service credit specified by the Public Employees’ Retirement Association (“PERA”) that would result in an unreduced retirement benefit or, if the Participant continues to provide services to the Employer after reaching his or her normal retirement age described above, such Participant’s Normal Retirement Age shall be such later age as the Participant selects,
but not to exceed age 72. If the Participant’s retirement plan is a defined contribution plan, then the Participant’s Normal Retirement Age shall be age 65.

2.14 “Participant” means an Eligible Employee or former Eligible Employee who has been enrolled in this Plan and who retains the rights to benefits under the Plan.

2.15 “Plan” means The Public Employees’ Retirement Association of Colorado Deferred Compensation Plan as it may be amended from time to time.

2.16 “Rollover Account” means the account established and maintained on behalf of a Participant as provided in Section 8.5.

2.17 “Roth Contribution” means an amount contributed by a Participant to the Plan that is designated irrevocably by the Participant in a Voluntary Salary Deferral Agreement as a Roth Contribution that is being made in lieu of all or a portion of the Tax-Deferred Contributions the Participant is otherwise eligible to make under the Plan, and is treated by the Employer as includible in the Participant’s income at the time the Participant would have received that amount in cash if the Participant had not entered into a Voluntary Salary Deferral Agreement.

2.18 “Severance From Employment” means the severance of a Participant’s employment with all employers affiliated with the Association, including retirement and death as defined under §457(d)(1)(A)(ii) of the Code. Any Participant who is granted a leave of absence by the Employer will not be treated as incurring a Severance from Employment as long as the leave of absence is approved by the Employer. If an approved leave of absence is terminated by the Employer or the Participant without the resumption of the employment relationship, the Participant shall be treated as incurring a Severance from Employment under this Plan as of the date of termination of such leave. A Participant shall be treated as having a Severance from Employment during any period the individual is performing service in the uniformed services pursuant to the Heroes Earnings Assistance and Relief Tax Act of 2008, to the extent provided in Section 4.7.

2.19 “Tax-Deferred Contribution” means an amount contributed by a Participant to the Plan on a pre-tax basis pursuant to a Voluntary Salary Deferral Agreement.

2.20 “Trust” means the trust which may be established under this Plan or under a separate trust agreement which forms a part of this Plan.

2.22 “Trustee” means the Board, or any individual(s) or committee appointed in the future by the Board to serve as trustee of the Trust.

2.23 “Unforeseeable Emergency” means a severe financial hardship of the Participant or Beneficiary resulting from:

(i) an illness or accident of the Participant or Beneficiary, the Participant’s or Beneficiary’s spouse, or the Participant’s or Beneficiary’s dependent (as defined in Code Section 152 without regard to section 152[b][1], [b][2] and [d][1][B]);

(ii) loss of the Participant’s or Beneficiary’s property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by homeowner’s insurance, such as the result of a natural disaster);

(iii) the imminent foreclosure of or eviction from the Participant or Beneficiary’s primary residence;

(iv) the need to pay for medical expenses of the Participant or Beneficiary, the Participant or Beneficiary’s spouse, or the Participant or Beneficiary’s dependent, including nonrefundable deductibles, as well as the cost of prescription drug medication; or

The circumstances that will constitute an “Unforeseeable Emergency” will depend upon the facts of each case, but, in any case, payment may not be made to the extent that such hardship is or may be relieved:

(i) through reimbursement or compensation by insurance or otherwise;

(ii) by liquidation of the Participant’s assets, to the extent the liquidation of such assets would not itself cause severe financial hardship;

(iii) by cessation of deferrals under the Plan; or
by taking a loan from the Participant’s assets, to the extent the loan would not itself cause severe financial hardship.

The decision of the Administrator or its designee concerning the payment of benefits under this section shall be final and binding upon the Participant.

2.24 “Voluntary Salary Deferral Agreement” means the agreement between a Participant and the Employer to defer receipt by the Participant of Compensation not yet earned. Such agreement shall state the Deferral amount to be withheld from a Participant’s paycheck and shall become effective as determined by the Employer, but no earlier than the first day of the month following the execution of such agreement by the Participant.

ARTICLE 3–PARTICIPATION OF EMPLOYEES

3.1 Eligibility
Each Eligible Employee may become a Participant in this Plan on his or her date of commencement of employment as an Eligible Employee, or on any date thereafter, after enrollment pursuant to Section 3.2. Any person elected or appointed to a term of office with any Employer shall be deemed to commence employment at the time such person assumes office.

3.2 Enrollment
Eligible Employees may enroll in the Plan by completing a Voluntary Salary Deferral Agreement after the date of commencement of employment. Deferrals shall commence as soon as administratively practicable thereafter, but in no event before the later of the first day of the next payroll period or the first day of the month after the day the Employer receives a properly executed Voluntary Salary Deferral Agreement for the Participant. An Eligible Employee may also enroll in the Plan by making a rollover contribution in accordance with Section 4.5 or a transfer in accordance with Section 8.3.

Upon establishment of the Trust under the Plan, the Employer shall contribute to the Trust an amount equal to the Deferrals made by a Participant within five days of the date contributions were deducted from the Participant’s salary.

3.3 Termination
A Participant terminates participation in the Plan in the month in which the entire amount of the Participant’s Account has been paid to or on behalf of the Participant.
ARTICLE 4–CONTRIBUTIONS

4.1 Maximum Deferral

(a) Primary Limitation

The maximum Deferral amount for any Participant in any taxable year shall not exceed the lesser of:

(i) the applicable dollar amount as provided in Code §457(e)(15), or

(ii) one hundred percent (100%) of the Participant’s Includable Compensation for the taxable year.

The applicable dollar limit for Deferrals established under subparagraph (i) of this paragraph (a) is increased for eligible Participants who have attained the age of 50 or older before the close of the calendar year by the additional amounts permitted under Section 414(v) of the Code. The additional Deferral amount is not available during the three years the Participant is utilizing the regular catch-up Deferral limitation under paragraph (b) of this Section 4.1.

(b) Catch-up Limitation

A Participant can elect to begin catch-up Deferrals up to the maximum limit no earlier than three (3) consecutive taxable years immediately preceding the year a Participant attains Normal Retirement Age. The start date of such election becomes irrevocable once catch-up Deferrals begin. The maximum catch-up Deferral amount shall be the lesser of: (i) twice the applicable dollar limit established under subparagraph (i) of paragraph (a), or (ii) the sum of: (A) the primary limitation amount determined under paragraph (a) for the current year, and (B) that portion of the primary limitation amount not utilized in prior taxable years in which the Participant was eligible to participate in the Plan, beginning after 1978. A Participant may use a prior year only if the Deferrals under the Plan in existence during that year were subject to the then current maximum deferral amount described in applicable regulations. The catch-up limitation is available to a Participant during one three-year period only. If the Participant elects and completes a consecutive three year catch-up period and then postpones retirement or returns to work after retirement, the catch-up limitation shall not be available again. If a Participant elects and begins the catch-up Deferral, retires, and returns to employment with an Employer after retirement
within the previously elected three year catch-up period, such a rehired Participant is eligible to make catch-up Deferrals for the remainder of the previously elected three year catch-up period.

(c) Coordination With Other Plans
If a Participant participates in more than one eligible deferred compensation plan (as defined in §457[b] of the Code) other than a plan that is a qualified governmental excess benefit arrangement (as defined in §415[m][3] of the Code), the maximum deferral under all such eligible deferred compensation plans shall not exceed the primary limitation amount described in Section 4.1(a) above and subject to modification by the catch-up limitation described in Section 4.1(b) above, and it shall be solely the Participant’s responsibility to ensure that such limitations are not exceeded.

(d) Return of Excess Deferrals
The Employer shall notify the Administrator as to the amount of a Participant’s deferrals into other §457(b) Plans maintained by the Employer. If a Participant’s Deferrals to the Plan and all other plans maintained by the Participant’s Employer in any taxable year exceed the primary limitation amount in Section 4.1(a) above, as modified by the catch-up limitation in Section 4.1(b), such excess deferral, including any income allocable to such amount, shall be distributed by the Plan to the Participant as soon as administratively practicable after the Plan determines that the amount is an excess deferral. In the event that Deferrals are returned to the Participant, the Plan will distribute Tax-Deferred Contributions first. Any excess deferral is included in the gross income of the Participant for the taxable year of the excess deferral.

4.2 Modifications to Amount Deferred
A Participant may change Deferrals with respect to Compensation not yet earned by submitting a new Voluntary Salary Deferral Agreement. Such change shall take effect as soon as administratively practicable after the Participant submits the Voluntary Salary Deferral Agreement, but no earlier than the later of the first day of the month or the first day of the payroll period following receipt of the Voluntary Salary Deferral Agreement from the Participant. Modifications (other than a revocation of Deferral as provided in Section 4.3) are subject to the limitations specified in the Plan.
4.3 Revocation of Deferral
Any Participant may revoke his or her election to have Compensation deferred by providing notification in writing pursuant to the Administrator’s procedures. The Participant’s full Compensation on a nondeferred basis will then be restored as soon as administratively practicable, but no earlier than the later of the first day of the month or the first day of the payroll period following receipt of such written notice by the Employer from the Participant. Notwithstanding a revocation under this Section, the Participant’s benefits under the Plan shall be paid only as provided in Article 5.

4.4 Duration of Deferral Election
Once a Deferral election has been made by the Participant, the election shall continue in effect until the Participant’s Severance from Employment with the Employer, unless the Participant modifies the Deferral in accordance with Section 4.2 or revokes the Deferral in accordance with Section 4.3.

4.5 Rollover Amounts From Other Eligible Plans
(a) Subject to rules adopted by the Board, an Eligible Employee may make and the Plan will accept a direct rollover or regular rollover of an Eligible Rollover Distribution as defined in Section 5.6, excluding after-tax participant contributions, from an eligible governmental plan under §457(b) of the Code as permitted by §408(d)(3) of the Code or an Eligible Retirement Plan as defined in Section 5.6. An Eligible Rollover Distribution includes a rollover of Roth monies provided it is a Direct Rollover from another Roth elective deferral account under an applicable retirement plan described in Code Section 402A(e)(1) and only to the extent the rollover is permitted under the rules of Code Section 402(c). An Eligible Rollover Distribution shall also include the full or partial repayment of a Coronavirus-Related Distribution (“CRD”) taken from this Plan by a Participant or former Participant who has taken a CRD pursuant to Section 5.1(b) as either an in-service distribution or as a distribution following Severance from Employment. For a repayment to be eligible for this Section 4.5(a), the Participant or former Participant must repay all or part of the CRD to the Plan during the three-year period beginning the day after the date on which the CRD was paid to the Participant, and such repayment shall be made in accordance with Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and any amendments thereto, and any IRS guidance issued thereunder, and shall be treated as a rollover.
(b) Upon receipt of an Eligible Rollover Distribution, the Trustee shall credit the amount of any Eligible Rollover Distribution to the appropriate subaccount in the contributing Participant’s Rollover Account in the Plan in accordance with Section 8.5 and Section 402(c)(10) of the Code and shall invest such amount in accordance with the provisions of this Plan.

(c) For purposes of determining whether any amount tendered by a Participant for rollover is an Eligible Rollover Distribution, the Participant shall establish to the satisfaction of the Administrator that the amount tendered as a rollover represents an Eligible Rollover Distribution of the Participant from an eligible plan maintained by the former employer(s) of the Participant or an IRA, if applicable. The Administrator shall have the authority to determine whether or not a contribution proposed by a Participant constitutes an Eligible Rollover Distribution under Code Section 402. In making such determination, the Administrator may require reasonable proof by the Participant of the eligibility of the proposed contribution for rollover treatment. The Administrator may rely conclusively upon the opinion of legal counsel for the Trust Fund in making any such determination. Prior to Severance from Employment, a Participant may request a full or partial distribution or Direct Rollover of the Participant’s Rollover Account without the limitations of Article 5.

Rollovers made pursuant to this section shall be separately accounted for in a Participant’s Rollover Account.

4.6 In-Plan Roth Rollover Amounts
As of the date approved by the Administrator, Participants and other eligible individuals pursuant to the Code may elect to transfer or roll over, as applicable, Tax-Deferred Contributions and any Employer contribution made pursuant to Section 4.8 into the Roth Contribution subaccount in accordance with the applicable requirements of the Code and regulations thereunder, and subject to any additional restrictions imposed by the Administrator. Additionally, Participants may elect to roll over non-Roth rollover contributions made pursuant to Section 4.5 into the Roth Rollover subaccount. Notwithstanding anything in this paragraph, a Participant may elect an in-Plan Roth Rollover no more than two times per Plan Year.

4.7 Military Service
Notwithstanding any provision of this Plan to the contrary, contributions and benefits with respect to qualified military service will be provided in accordance with Code Section 414(u) and the Uniformed Services
Employment and Reemployment Rights Act of 1994 (Title 38 U.S. Code, Chapter 43, Sections 4301-4333, Public Law 103-353). Effective January 1, 2007, if a Participant dies while performing qualified military service (as defined in Code Section 414[u]), the Participant’s Beneficiary will be entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the Plan as if the Participant had resumed employment and then terminated employment on account of death. If a Participant described in Code Section 3401(h)(2)(A) elects to receive a distribution upon a Severance From Employment during any period the Participant is performing service in the uniformed services pursuant to HEART, the Participant shall not be eligible to make any elective deferrals or employee contributions to the Plan or any other plan for a period of six (6) months following the date of such distribution. Effective October 1, 2011, Employers may treat differential wage payments, as described in Section 414(u)(12)(D), as Compensation for purposes of Plan contributions. Effective October 1, 2011, Employers may make contributions pursuant to Section 4.8 in accordance with Section 414(u)(9) of the Code.

4.8 Regular Employer Contributions

(a) Regular Employer Contributions
The Administrator may, in the Administrator’s discretion, accept discretionary contributions by an Employer, from the respective Employer’s funds, for the benefit of some or all of the Employer’s Eligible Employees. These contributions shall be allocated among the Employer’s Eligible Employees in accordance with a predetermined allocation submitted by the Employer, provided that the Administrator must approve such allocation. Such Employer contributions are not subject to the requirement that there be an agreement in place before the beginning of the month for which deferrals commence, as specified in Sections 2.24, 3.2, 4.2, and 4.3 of the Plan.

(b) Limitations
In no event shall the Administrator permit Employer contributions to the extent that doing so would exceed a limitation of the Code or be contrary to a requirement of the Code. The Administrator shall be authorized to limit and return Deferrals and Employer contributions to comply with limitations and requirements of the Code.

(c) Payment by Employer
Contributions pursuant to Section 4.8 shall be paid to the Plan by the Employer, along with all reports required by the Administrator, no
later than the date established by rule of the Board. The reports shall show Employer contributions under Section 4.8 separately from all other contributions. If either the payment or the reports or both are late, interest shall be assessed and paid as specified in PERA Rule 17.40A. For purposes of the Code, late payments of contributions shall be treated as if they had been made on time and payments of interest shall be disregarded.

(d) Nonforfeitability
All such contributions shall be fully vested and nonforfeitable at all times.

(e) Allocation
Subject to the limitations imposed by the Code and this Plan, such contributions shall be allocated to the Participant’s Account and invested in accordance with the directions furnished by the Participant from time to time.

ARTICLE 5–DISTRIBUTION OF BENEFITS

5.1 Eligibility for Payment
(a) Except as otherwise provided in this Plan, distribution of a Participant’s Deferred Compensation Account from the Plan may commence upon Severance from Employment of the Participant upon proper application in a manner approved by the Board. The distribution shall not occur prior to the earliest of: (i) the calendar year in which the Participant attains age 59½, (ii) the Participant’s Severance from Employment, (iii) the Participant’s death, (iv) the date the Participant incurs a financial hardship due to an Unforeseeable Emergency pursuant to Section 5.2, or (v) the date the Participant is permitted to receive an in-service distribution as provided in Section 5.5.

(b) Effective from January 1, 2020, to December 30, 2020, a Participant who meets the criteria of a qualified individual, as such term is defined in Section 2202 of the CARES Act and any amendments thereto, including any later-issued guidance from the IRS, may take up to $100,000 from the Participant’s Account as a coronavirus-related distribution (“CRD”). A Participant is eligible for a CRD regardless of whether such Participant has incurred a Severance from Employment. The Plan Administrator and Service Provider may rely on the Participant’s certification that the Participant
meets the eligibility requirements of a qualified individual. Any CRD paid pursuant to this Section will be made in accordance with all applicable IRS guidance as it exists at the time of distribution from, and any repayment to, the Plan.

5.2 Distribution Due to Unforeseeable Emergency

In accordance with the provisions of Code Section 457 and the regulations thereunder, a Participant who has not had a Severance from Employment and who has not attained age 59½ may request a distribution due to a severe financial hardship by submitting a written request to the Administrator accompanied by evidence to demonstrate that the circumstances being experienced qualify as an Unforeseeable Emergency. The Administrator shall have the authority to require such evidence as deemed necessary to determine if a distribution is warranted as set forth in this Section and Section 2.23. The allowed distribution shall be payable in a method determined by the Administrator as soon as possible after approval of such distribution.

All decisions by the Administrator or its designee in matters relating to distributions under this Section shall be final and binding on all parties.

5.3 Commencement of Distributions

The distribution of the Account shall be made in accordance with one of the payment options described in Section 6.2. Distribution of a Participant’s Account must commence no later than the Participant’s Required Beginning Date, which is April 1 following the calendar year of the Participant’s Severance from Employment and attainment of age 70½. For Participants who have not yet attained age 70½ by January 1, 2020, the Participant’s Required Beginning Date is April 1 following the calendar year of the Participant’s Severance from Employment and attainment of age 72. Such commencement of benefits shall be in accordance with a reasonable and good faith interpretation of Code Section 401(a)(9) and the Treasury Regulations promulgated thereunder.

5.35 Required Minimum Distribution Waiver of 2020

Notwithstanding any other provisions of the Plan, a Participant or Beneficiary who would have been required to receive required minimum distributions for 2020 but for the enactment of Code Section 401(a)(9)(l) (2020 RMDs”), and who would have satisfied that requirement by receiving distributions that are (1) equal to the 2020 RMDs or (2) one or more payments in a series of substantially equal distributions (that include the 2020 RMDs) made at least annually and expected to last for the life (or life expectancy) of the
Participant, the joint lives (or life expectancies) of the Participant and the Participant’s designated Beneficiary, or for a period of at least 10 years (“Extended 2020 RMDs”), will not receive those distributions for 2020 unless the Participant or Beneficiary chooses to receive such distribution, or has made a previous election to receive future payments. A Participant or Beneficiary who received a payment for the amount of a 2020 RMD from the Administrator prior to the enactment of Section 401(a)(9)(I) may elect to repay the full amount of the distribution to the Plan during the 60-day period that such payment is eligible for rollover, plus any extensions granted by the IRS.

5.4 Required Distributions after Death

(a) Death After Distribution Begins – Deaths before January 1, 2021
If the Participant dies after the distribution of his or her interest has commenced, the remaining portion of his or her Account, if any, will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used for the distribution to the Participant prior to his or her death. Notwithstanding the preceding, distribution of the Participant’s Account must be distributed in accordance with a reasonable and good faith interpretation of Code Section 401(a)(9) and the Treasury Regulations promulgated thereunder.

(b) Death Before Distribution Begins – Deaths before January 1, 2021
If the Participant dies before distribution of his or her Account commences, the Participant’s Account will be distributed to the Beneficiary, in the form permitted by the Administrator and elected by the Beneficiary. Notwithstanding the preceding, distribution of the Participant’s Account must be distributed in accordance with a reasonable and good faith interpretation of Code Section 401(a)(9) and the Treasury Regulations promulgated thereunder.

(c) Deaths on or after January 1, 2021
If the Participant dies before the Participant’s entire Account balance is distributed, regardless of whether the Participant began distributions prior to death, the Participant’s Account balance will be distributed no later than the tenth calendar year following the year of the Participant’s death, except as follows:

(i) Eligible Designated Beneficiary – Generally
If the Participant’s beneficiary is an Eligible Designated Beneficiary as defined in Code Section 409(a)(9)(E)(ii), distributions to the Eligible Designated Beneficiary must begin
the year after the calendar year in which the Participant died, and may be taken by applying the life expectancy of the Eligible Designated Beneficiary in accordance with Code Section 409(a)(9)(B)(iii).

(ii) Eligible Designated Beneficiary – Spouse
If the Participant’s Eligible Designated Beneficiary is a surviving spouse, distributions may be made beginning when theParticipant would have turned 72, instead of beginning distributions the year after the calendar year in which the Participant died.

(iii) Eligible Designated Beneficiary – Child
If the Participant’s Eligible Designated Beneficiary is a child who has not reached the age of majority, any remainder of the Participant’s interest remaining after the child reaches majority shall be distributed within 10 years after such date.

(iv) Death of Eligible Designated Beneficiary
If an Eligible Designated Beneficiary dies before that individual’s portion of the Participant’s Account Balance is fully distributed, any remaining portion must be distributed within 10 years after the death of the Eligible Designated Beneficiary as required by Code Section 401(a)(9)(H)(iii).

(v) No Designated Beneficiary
If Code Section 401(a)(9)(H) does not apply to the Participant, the “5-year rule” in Code Section 401(a)(9)(B) shall apply.

5.5 In-Service Distributions
(a) In-Service Distribution of Small Amounts
Effective January 1, 1997, a Participant shall be entitled to elect, and the Administrator shall be permitted to make, a distribution from the Plan of the balance of the Participant’s Account prior to the Participant’s attainment of age 59½, Severance from Employment or death and without the Participant being required to produce evidence of the occurrence of an Unforeseeable Emergency if (i) the amount of the distribution does not exceed five thousand dollars ($5,000), (ii) the Participant has not, during the two-year period ending on the date of the distribution under this Section, made any contributions to the Participant’s Deferred Compensation Account maintained under the Plan and (iii) the Participant has not received a prior distribution under this Section.
(b) Qualified Birth of Child or Adoption
Effective January 1, 2020, a Participant may take up to $5,000 as a qualified birth or adoption distribution, as defined by Code Section 72(t)(2)(H)(iii)(I), from the Participant’s Account prior to Severance from Employment. Such distribution must satisfy all requirements of Code Section 72(t)(2)(H) and applicable guidance from the IRS, as well as any procedures required by the Administrator. A Participant who takes a distribution under this Section may repay the distribution to the Participant’s account in accordance with any IRS requirements and all procedures established by the Administrator.

5.6 Direct Rollovers
A Distributee may elect, in a manner consistent with Code Section 457(e)(16) and at the time and in the manner prescribed by the Administrator, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Distributee in a Direct Rollover. For purposes of applying this Section 5.6, the following definitions shall apply:

(a) Eligible Rollover Distribution
An Eligible Rollover Distribution is any distribution meeting the definition of an Eligible Rollover Distribution pursuant to Code Section 402(c)(4).

(b) Eligible Retirement Plan
An Eligible Retirement Plan means any plan meeting the requirements for an Eligible Retirement Plan under Code Section 402(c)(8)(B), and effective January 1, 2008, also means a Roth IRA as described in Code Section 408A(b) subject to any limitations described in Code Section 408A(c). Notwithstanding anything herein to the contrary, a Direct Rollover of a distribution from a Roth Contribution subaccount or a Roth Rollover subaccount will only be made to another Roth elective deferral account under an applicable retirement plan described in Code Section 402A(e)(1) or to a Roth IRA described in Code Section 408A, and only to the extent the rollover is permitted under the rules of Code Section 402(c).

(c) Distributee
A Distributee includes a Participant, former Participant, a Participant’s spouse or former spouse, and any other non-spouse beneficiary permitted to make a rollover under Code Section 402(c).
(d) Direct Rollover
A Direct Rollover is a payment by the Plan to the Eligible Retirement Plan specified by the Distributee.

(e) 2009 Required Minimum Distributions
Notwithstanding any other provisions of the Plan, and solely for purposes of applying the rollover provisions of the Plan, 2009 RMDs and Extended 2009 RMDs, will be treated as eligible rollover distributions in 2009.

5.7 Transfers to Purchase Defined Benefit Plan Service Credit
Subject to rules established by the Board and as permitted by Section 457(e)(17) of the Code, a Participant may elect to have all or any portion of the Participant’s Account paid via a direct trustee-to-trustee transfer to a defined benefit governmental plan (as defined in Section 414[d] of the Code) for the purchase of permissive service credit (as defined in Section 415[n][3][A] and [D] of the Code) or for repayments under Section 415(k)(3) of the Code. A Participant may elect this transfer twice per calendar year. Until and unless the Administrator determines otherwise consistent with guidance from the IRS, a Participant may not elect to purchase service using any Roth amount, including but not limited to Roth Contributions, Roth Rollovers, and any in-Plan Roth Rollover.

5.8 Participant Loan Program
Effective January 1, 2004, the Plan established a Participant loan program in accordance with the requirements of Code Sections 457 and 72(p) and the regulations thereunder. The provisions governing the loan program effective for loans issued on and after October 1, 2011, are as follows:

(a) Loan Eligibility and Procedures
A Participant (but not a Beneficiary) may apply to the Plan for a loan. Each loan shall be subject to approval by the Administrator. A loan shall be subject to the provisions of this Plan and such uniform and nondiscriminatory procedures for loans as may be established for the Plan by the Administrator.

(b) Maximum Amount of the Loan
(i) The amount of a loan to a Participant from the Participant’s Account shall not exceed the least of:

(A) $50,000 reduced by the highest outstanding balance of loans from the Plan and any other qualified employer plan during the one-year period ending on the day before the date on which such loan was made, or
(B) the greater of

(1) $10,000 or

(2) one-half the balance in the Participant’s Account, or

(C) the Participant’s Account balance as further reduced in accordance with the administrative procedure as approved by the Plan Administrator.

(D) Notwithstanding subsections 5.8(b)(i)(A), (B), and (C), a qualified individual (as such term is defined in Section 2202 of the CARES Act, and any amendments thereto) taking a loan from March 27, 2020, to September 22, 2020, may receive a loan of up to the lesser of (1) $100,000 (minus outstanding loans), or (2) the balance in the Participant’s Account.

(ii) If the Participant’s Employer has more than one plan which permits loans, then loans from this Plan and all other qualified plans maintained by the Employer must be aggregated, and the limit on the amount of the loan must then be determined in accordance with Section 72(p) of the Code.

(iii) Notwithstanding the foregoing, the assets that are held in a participant directed investment brokerage arrangement shall not be available for loan, but will be included when calculating the amount that can be withdrawn for a loan.

(c) Terms and Limitations for the Loan

(i) The proceeds of the loan shall be disbursed only to the Participant and shall be disbursed as soon as administratively practicable after all requirements have been satisfied and the loan has been approved by the Administrator.

(ii) The Plan may charge a Participant a loan application, processing or other fee for the loan. Such fee may be deducted from the loan proceeds, charged as an administrative fee against the Participant’s Account, or paid separately by the Participant to the Plan.

(iii) The interest rate charged on a loan shall be the prime rate plus 1% (as determined in accordance with uniform and nondiscriminatory procedures of the Plan) or such other rate as the Board establishes from time to time. The interest rate charged
on a loan shall be the interest rate in effect at the time the Participant applies for the loan. Once the rate for a loan has been determined, it shall not be changed while that loan is outstanding.

(iv) The period for repayment of a loan shall not exceed five years unless the loan is to be used to acquire a principal residence for the Participant within a reasonable time after the loan is made. If the loan is to acquire such a principal residence, the period for repayment of the loan shall not exceed fifteen years. If a qualified individual’s loan under this subsection 5.8 is outstanding on or after March 27, 2020, and any repayment on the loan is due from March 27, 2020, to December 31, 2020, that due date may be delayed under the Plan for up to one year at the Participant’s election and in accordance with IRS guidance. In such case, any subsequent repayments will be adjusted to reflect the revised due date of the loan and interest accruing during the suspension period. “Qualified individual” for this purpose has the same meaning as such term is defined in Section 2202 of the CARES Act and any amendments thereto, including any later-issued guidance from the IRS.

(v) Repayment of the loan, including both principal and interest, shall be by equal monthly payments. Those payments shall be sufficient to amortize the loan over the repayment period.

(vi) The minimum amount of a loan shall be $1,000, plus any fees.

(vii) A Participant shall have no more than two loans outstanding at any given time.

(viii) A loan may be paid in full at any time without penalty. Partial prepayments may be made at any time without penalty. Partial payments to reduce the principal balance of the loan must be so designated as principal reduction and are permitted only if all required loan payments are current. Partial payments for principal reduction will not alter the due date of any subsequent payments, but will shorten the life of the loan and pay it off earlier.

(ix) Notwithstanding any other provisions herein, the loan outstanding shall be a first lien against the Participant’s Account and the amount of principal and interest due and
unpaid thereon shall be deducted from the Account in determining the remaining balance available for any distribution or withdrawal under Article 5.

(x) If a Participant fails to make any monthly payment in full, and does not make up such payment prior to the end of the quarter following the quarter in which the payment is missed, the loan shall be in default. If this occurs, the Participant shall be deemed for tax reporting purposes to have received a distribution from the Plan. The Plan may then execute upon its security interest in the Participant’s Account to satisfy the debt or take such steps as are deemed necessary for repayment of the loan; provided, however, that the Plan shall not levy against any portion of the Loan Fund attributable to amounts held in the Participant’s Account until such time as a distribution under Article 5 could otherwise be made under the Plan.

(xi) A Participant may not request another loan following a loan default occurring on or after January 1, 2002. Notwithstanding the foregoing, effective March 1, 2003, if a Participant pays to the Plan the outstanding balance of all defaulted loans plus interest accrued to the time of repayment, such Participant shall be eligible to request a loan pursuant to the provisions of this Section 5.8. Payments to the Plan attributable to a defaulted loan plus accrued interest shall be accounted for separately. Notwithstanding any other provisions herein, a loan made to a Participant under this Plan shall be due and payable in full upon the death of the Participant.

(xii) Notwithstanding any other provision herein, a loan that has been issued to a Participant prior to October 1, 2011, shall be administered by the Administrator under the existing terms of the loan, including those terms that conflict with this Section 5.8, except that no annual loan maintenance fee shall be charged after October 1, 2011. Loans issued under the Plan on or after October 1, 2011, shall be subject to the limitations set forth in this Section 5.8.

(xiii) If a Participant separates from service (or takes a leave of absence) from his or her Employer because of service in the military and does not receive a distribution of his/her Account
Balance, upon request of the Participant, the Plan will suspend loan repayments until after the conclusion of the period of military service. In accordance with the federal Soldiers’ & Sailors’ Relief Act, interest will accrue during the period of suspended payments at the original loan rate or at the rate of six percent (6%), whichever is less. In accordance with Code Section 72(p) and the Regulations thereunder, upon request of the Participant, the Plan will suspend payments for up to twelve (12) months for non-military leaves of absence if the Participant is on a bona fide leave of absence (a leave that would qualify for job protection under the federal Family and Medical Leave Act) and the leave is either without pay or the Participant’s after-tax pay is less than the installment payment amount under the terms of the loan. When payments resume, installment payments may not be less than the amount required under the terms of the original loan.

(d) Allocations

(i) The amount of the loan is to be transferred proportionately from the Participant’s Account among Roth and Tax-Deferred monies and among each Investment Option to a special “Loan Fund” for the Participant under the Plan. The Loan Fund shall be invested solely in the loan made to the Participant and the amount transferred to the Loan Fund.

(ii) Payments of principal on the loan will reduce the amount held in the Participant’s Loan Fund. Those payments, together with the attendant interest payments, will be credited to the Participant’s Accounts invested in the Investment Options in accordance with the Participant’s then effective investment election, but will not be credited to any Investment Options that are in a participant directed investment brokerage arrangement.

5.9 Involuntary Cash-Out

Notwithstanding anything herein to the contrary, if a Participant has had a Severance from Employment and the Participant’s Account balance is less than $1,000, the Administrator may distribute the balance of the Participant’s Account to Participant without Participant’s consent.
ARTICLE 6–FORM OF PARTICIPANT’S BENEFIT DISTRIBUTION

6.1 Election
A Participant may elect the form of distribution of his or her Account and may revoke that election (with or without a new election) at any time by notifying the Administrator in writing, subject to the Administrator’s approval. If applicable, a Participant may designate the extent to which the amount of the distribution is composed of Tax-Deferred monies or Roth monies. In the absence of such designation, the Plan will allocate the withdrawal in proportion to the value of the Tax-Deferred monies and Roth monies in the Plan.

6.2 Distribution Options
Distributions may be made by the Administrator in the following forms: (i) a lump sum cash payment, or (ii) substantially equal periodic installment payments over a period of years not longer than the life expectancy of the Participant or the joint life expectancy of the Participant and the Participant’s spouse (as determined by Code Section 401(a)(9) and the Treasury Regulations thereunder).

6.3 Failure to Make Election
If a Participant or Beneficiary fails to elect a form of distribution before thirty (30) days preceding the distribution commencement date, benefits shall be paid no later than the date described in Section 5.3 or 5.4 in a lump sum.

6.4 Revocation of Prior Election
Any election made under this Article 6 may be revoked at any time prior to the elected distribution commencement date.

ARTICLE 7–BENEFICIARY INFORMATION

7.1 Designation
A Participant shall have the right to designate a Beneficiary or Beneficiaries, and amend or revoke such designation at any time, in writing or electronically. Such designation, amendment or revocation shall be effective upon receipt by the Administrator of such written or electronic designation on forms provided by the Administrator.

7.2 Special Rules
The designated Beneficiary or Beneficiaries will receive the balance of the Participant’s Account upon the Participant’s death in accordance with Section 5.4 and the following:
(a) Participants may designate primary and contingent Beneficiaries. A contingent Beneficiary and/or Beneficiaries will become entitled to a distribution of any remaining balance of the Participant’s Account only after the death of any and all primary Beneficiaries.

(b) If more than one Beneficiary is named in either category, benefits will be paid according to the following rules:

(i) Beneficiaries can be designated to share equally in or to receive specific percentages of, the remaining balance, if any, of the Participant’s Account.

(ii) If a Beneficiary dies before the Participant, only the surviving Beneficiaries will be eligible to receive any benefits in the event of the death of the Participant. If more than two Beneficiaries are originally named to receive different percentages of the benefits, surviving Beneficiaries will share in the same proportion to each other as indicated in the original designation.

(c) A person, trustee, estate or other legal entity may be designated as a Beneficiary.

(d) If a Beneficiary has not been designated, or a designation is ineffective due to the death of any and all Beneficiaries prior to the death of the Participant, or prior to the date benefits commence to a Beneficiary, or the designation is ineffective for any reason, the estate of the Participant shall be the Beneficiary.

(e) Upon the death of the Participant, any Beneficiary entitled to the value of the Account under the provisions of this Section shall become a “Vested Beneficiary” and have all the rights of the Participant with the exception of making any Deferrals, including the right to designate a Beneficiary(ies) to the extent such designation does not conflict with a prior Beneficiary designation made by the Participant pursuant to Section 7.2(d). If the Participant’s designated Beneficiary dies after distributions commence to such Beneficiary but before distribution of the entire balance of the Participant’s Account, the remainder of the Account shall be distributed to the Beneficiary’s designated Beneficiary, or if no person, persons, or entity so designated shall survive the Beneficiary, the Beneficiary shall be deemed to be the estate of the Beneficiary.

(f) Notwithstanding the foregoing, distribution to a Beneficiary under this Section must be distributed by the required beginning date and in the form and manner set forth in Section 5.4.
ARTICLE 8–PLAN ADMINISTRATION AND FUNDING

8.1 Plan Administration
This Plan shall be administered by the Administrator. The Administrator shall have full power and authority to adopt rules and regulations for the administration of the Plan, to enter agreements on behalf of the Administrator which are necessary to implement this Plan and to interpret, alter, amend, and revoke any rules and regulations so adopted. 9.2 Termination
Although the Board has established this Plan with the intention and expectation to maintain the Plan indefinitely, the Board may terminate or freeze the Plan in whole or in part at any time without any liability for such termination or discontinuance. Upon Plan termination or freeze,
