One goal. One focus. One plan.

If you still have a retirement plan account from a previous employer, it may be difficult to keep track of how you’re doing. Think about rolling your retirement accounts from previous employers to your Colorado PERAPlus 401(k)/457 retirement plan.

Simplify

Instead of dealing with multiple statements, websites and service centers, simplify with:

- One statement to reduce clutter.
- One website username and password to remember.
- One Customer Care Center to call.

Our retirement income projection tool may give you a more accurate picture of your financial future by allowing you to quickly view your projected monthly income in retirement and see if you’re on track to reach the future you want.

You also have other options. You could keep your money in your previous employer’s plan, move your money to another plan like your PERAPlus plan or an IRA, or withdraw it. Keep in mind that you may be subject to stiff IRS tax penalties and possible early withdrawal penalties. Consider all your options and the features and fees before moving money between accounts.
